- C. Remien and D. Solon, "Impact of Indian Internet Usage on Fertility Rates."
- J. Nye, C. Remien, and C. Martinez, "Selection, Removal, and the Limits of Persistence."
- C. Remien, "Impact of Californian Paid Maternity Leave on Fertility Distribution by Income."

UPCOMING CONFERENCES

- **Southern Economic Association 96th Annual Meeting**, Houston, TX (November 2026) – Presenting "The Limits of Coercive Pronatalist Policy: Evidence from Romania's Decree 770," "The Silver Age of Mercenaries: How Population Decline Drove a Return to Mercenary Armies," and "Seizing the Means of Reproduction: The Effect of the Castro Revolution on Fertility"

RESEARCH EXPERIENCE

Independent Graduate Research

Aug. 2023–Present

George Mason University

Collaborating with Dr. Vincent Geloso toward publication of an economic history paper
Preparing a third edition of a textbook with Dr. Thomas Rustici
Independently developing and applying the synthetic control method across multiple dissertation chapters.
Solo-authored several additional papers on fertility, family policy, and historical political economy not included in the dissertation

Research Assistant to Dr. Scott Cunningham

Jan.–Dec. 2022

Baylor University

Managed data acquisition for a project on mental health in the Texas prison system
Performed literature review

Used Freedom of Information Act requests to acquire sensitive data, saving a data-collection trip to Ann Arbor ($2,500)
Cleaned data and performed econometric tasks

TEACHING EXPERIENCE

Graduate Teaching Assistant / Instructor of Record Aug. 2025–Present

George Mason University

Independently taught, as Instructor of Record, Principles of Microeconomics (Econ 103), International Economic Policy (Econ 385), and Public Choice (Econ 410), designing the syllabus and course materials for each and teaching more than 90 students across these courses
Held well-attended office hours for students across these courses
Created and independently taught a new course, Recitation in Economics (Econ 191), to support students struggling with the principles of macroeconomics

Graduate Teaching Assistant to Dr. Thomas Rustici Aug. 2023–Aug. 2025, May 2026–Ongoing

George Mason University

Graded exams for more than 2,650 students in total
Held weekly office hours with consistent attendance of up to 12 students at a time
Proctored exams, including when the professor was unavailable due to health complications

Graduate Teaching Assistant to Dr. Jason Dunick Aug. 2023–Aug. 2025

George Mason University

Responsible for online tutoring services for one year, in addition to other duties

Departmental Tutor in Economics Aug. 2023–Aug. 2025

George Mason University

Held office hours multiple times per week, consistently tutoring groups of up to eight students across all economics classes offered at GMU at any given time

SCHOLARSHIPS AND HONORS

- Full tuition funding and stipend, George Mason University (Fall 2023–Spring 2027; $125,000)
- Dean's Academic Honors List, Baylor University (Spring 2020, Fall 2020, Spring 2021, Fall 2021, Spring 2022, Fall 2022)
- President's Gold Scholarship, Baylor University – $11,000 per semester for four years ($88,000)
- Janet Rhines Scholarship in Economics, Baylor University (Fall 2021, Spring 2022, Fall 2022)
- Omicron Delta Epsilon – International Honor Society in Economics

LEADERSHIP

- Vice President (Oct. 2020–May 2023) and Recruitment Chair (Aug. 2021–May 2023), Tabletop Games Club, Baylor University – as Vice President, managed internal governance and day-to-day operations for a club of more than 150 members; recruited 100 new members in a single event through public speaking and grew the club to ten times its prior size; restored attendance and revenue after the COVID-19 pandemic (profiled in *The Baylor Lariat*)
